STELLRAM

LONG EDGE MILLING CUTTER

The 5315VA family is the long edge cutter version of our versatile 7690VA shoulder milling series.

This 5315VA series offers full effective flutes with right-hand helix angle for high feed rates.

This cutter is ideal for side milling and slotting applications.

The main characteristic of this cutter family is it's, lower cutting force due to the high helix design.

The 5315VA series are designed for roughing and semi-finishing applications, in Steel, Alloyed Steel, Stainless Steel, High Temperature Alloys, Cast Iron and Aluminium Alloys.
